Who We Are

For nearly forty years, the National Immigration Project has been providing legal assistance and other technical support to immigrant communities, legal practitioners, and advocates working to advance the rights of non-citizens. We seek to promote justice, fairness, and equality in all areas of immigration law, the criminal justice system, and social policies related to immigration. Since its founding, the National Immigration Project has served as a progressive source for cutting-edge, advocacy-oriented legal support on issues critical to immigrant rights.

The National Immigration Project's work is built upon a foundation of over 1,000 members, whose support and tax-deductible contributions are integral to our success.

To join the Project, make a donation, or for further information about our work, please visit our **NEW website** at: www.nationalimmigrationproject.org.

As a member of the National Immigration Project, you will join a diverse community of attorneys, legal workers, and grassroots advocates who are leading experts on immigrant rights issues. Immigration attorneys frequently consult the National Immigration Project for advice on the rights of immigrants facing criminal penalties, incarceration, or removal, and the rights of immigrant victims of crimes and violence.
